Max. 15 Kg

Expert Fitment Required

Montage durch Fachwerkstatt erforderlich

Montaje sólo por el concesionario

Montage par spécialiste nécessaire

E' necessario in officina specializzata

Especialista em montagem requerido

Montage door vakman nodig

Montage ved professionelt værksted påkrævet

Nødvendig med montering fra fagvegværksted

Verkstadsmontage erfordras

Asennus tarpeen merkkikorjaamossa

Montáž ve specializované dílně nutná

A szereléshez szakműhely kell

Konieczny montaż przez warsztat specjalistyczny

Να τοποθετεί από συνεργείο

The chromium plating of the rear luggage carrier should be regularly – or after each car wash – be treated with suitable cleaning agents.

Die Verchromung des Heckträgers soll in regelmäßigen Abständen – oder nach jeder Autowäsche – mit geeigneten Mitteln gepflegt werden.

El cromado del soporte trasero se tiene que conservar en intervalos regulares – o después de cada lavado del automóvil – con productos adecuados.

L'entretien des chromes du porte-bagages arrière devra avoir lieu à intervalles réguliers - ou après chaque lavage du véhicule - au moyen de produits appropriés.

La cromatura del portaoggetti posteriore deve essere curata a intervalli regolari – oppure dopo ogni autolavaggio – con mezzi adeguati.

O cromado da suporte traseiro deve ser tratado com um produto apropriado em intervalos regulares ou após cada lavagem do veículo.

Het chroomwerk van de bagagedrager regelmatig – of na iedere keer wassen – met geschikte middelen reinigen.

Forkromningen på stativet skal med regelmæssige mellemrum – eller hver gang bilen har været vasket – pudses med et egnet plejemiddel.

Forkromningen av baggasjebæreren bak må med regelmessige mellomrom – eller også etter hver bilvask – pleies med egnede midler.

Regelmässigt behandla kromskikten av bakre bagagehållare med lämpliga medel – eller efter varje bilvatten.

Takakannattimen kromausta on hoidettava säännöllisin väliajoin – tai jokaisen auton pesun jälkeen – sopivilla aineilla.

Pochromování zadního nosiče by se mělo ošetřovat v pravidelných intervalech – nebo po každém mytí auta – vhodnými prostředky.

A hátsó tartót rendszeres időközökben – vagy minden egyes autósás után – megfelelő anyaggal le kell kezelni.

Powierzchnie chromowane bagażnika tylnego należy konserwować w regularnych odstępach czasu lub każdorazowo po umyciu samochodu przy pomocy odpowiednich środków pielęgnacyjnych.

Η επιχρωμίωση της πίσω σχάρας οφείλει να φροντίζεται σε τακτικά διαστήματα – ή μετά από κάθε πλύσιμο του αυτοκινήτου – με κατάλληλα προϊόντα

ATLAS Premium Luggage Racks

What's in the box:

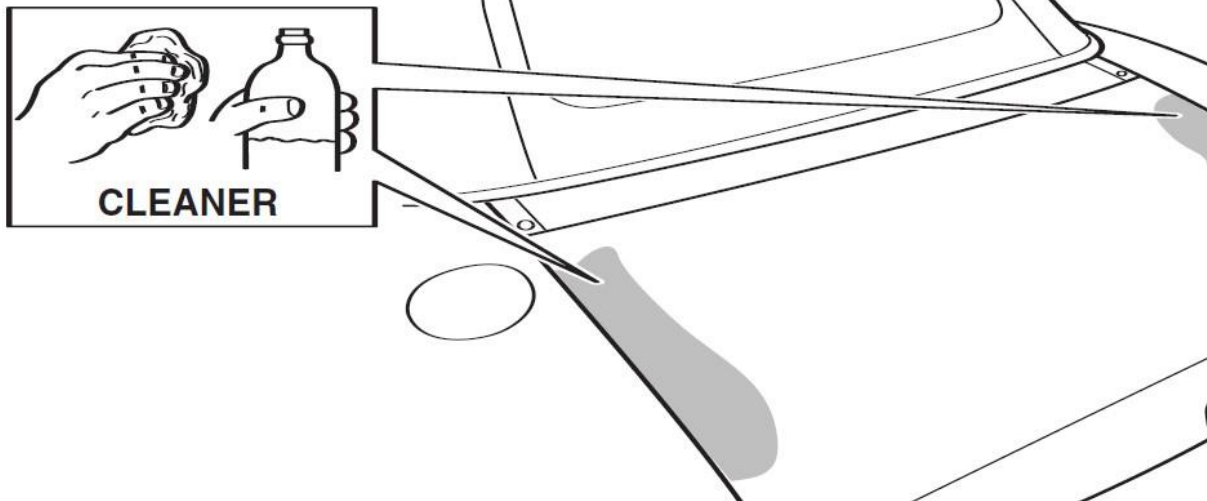

ATLAS Premium Luggage Racks

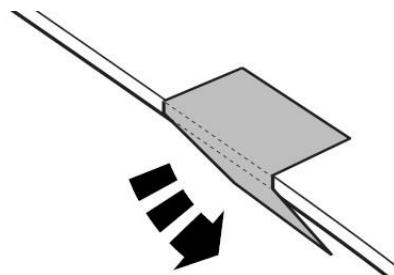

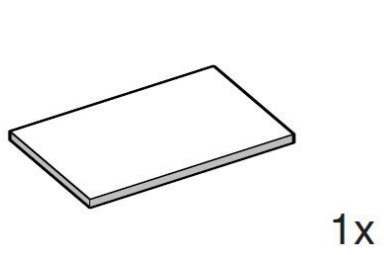

STEP 1

Clean the surface.

STEP 2

Use masking tape to determine the position of the bracket and apply the supplied 3M protective clear foil. Make sure the foil folds around the edge of the decklid. It needs to fold 1.5 cm around the edge

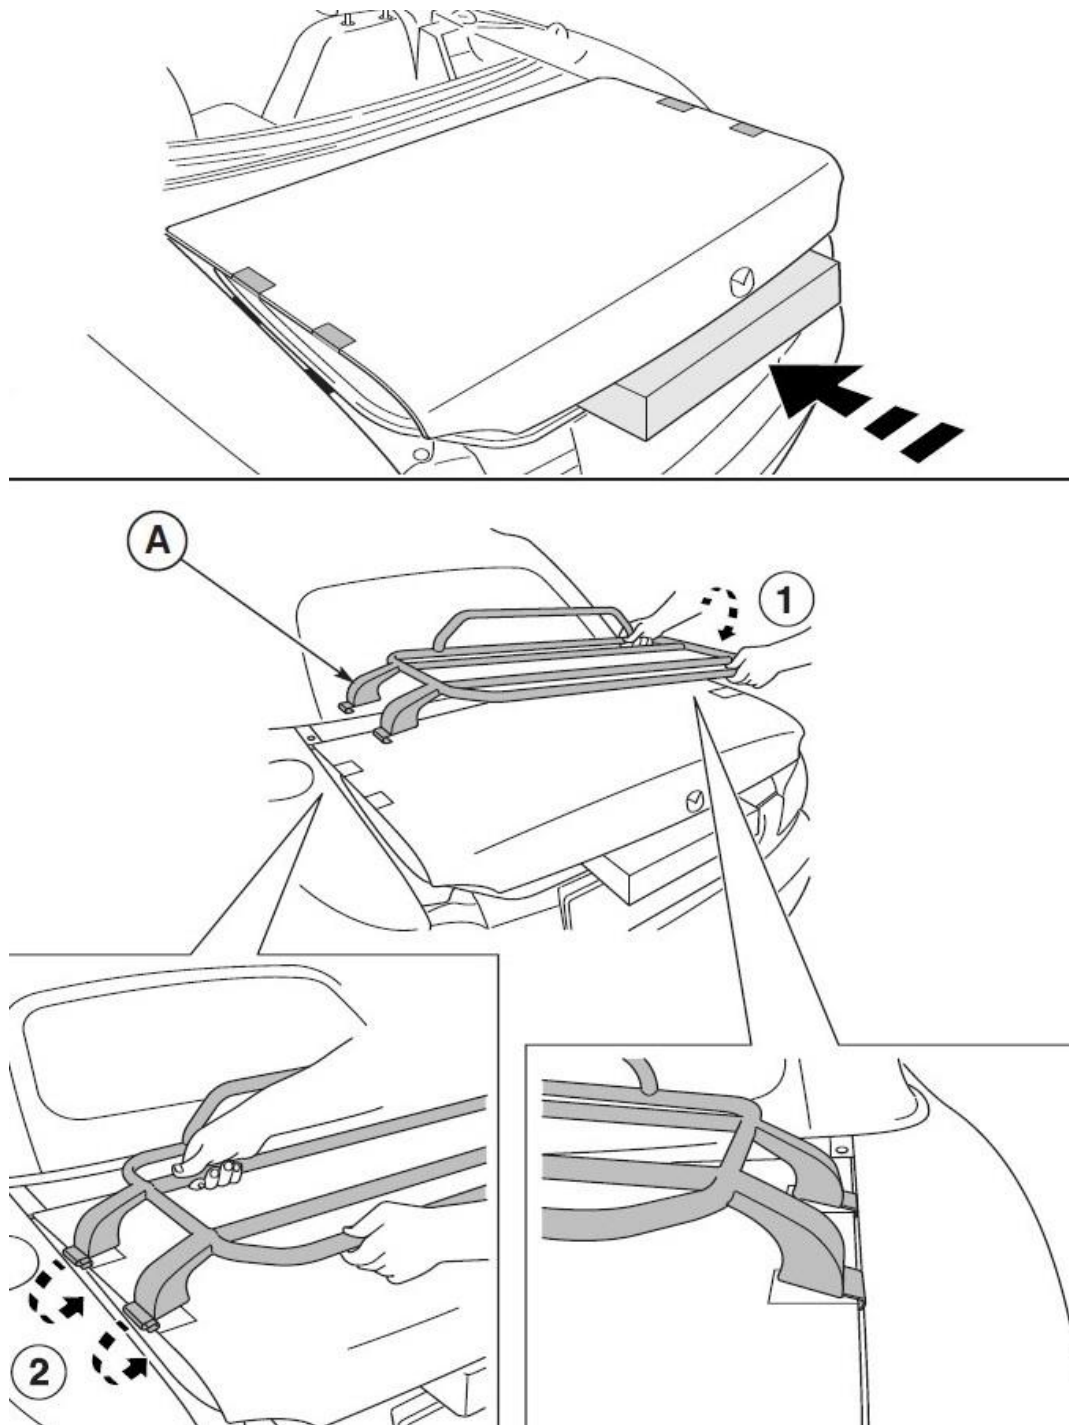

ATLAS Premium Luggage Racks

STEP 3

Position the rack on the decklid use the box to keep the decklid open.

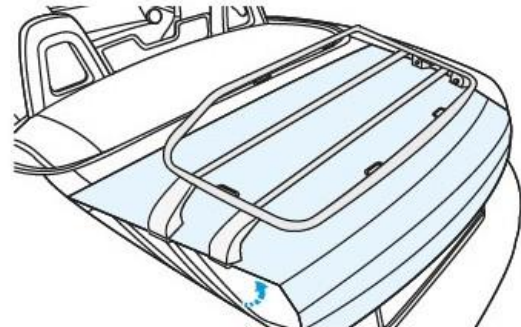

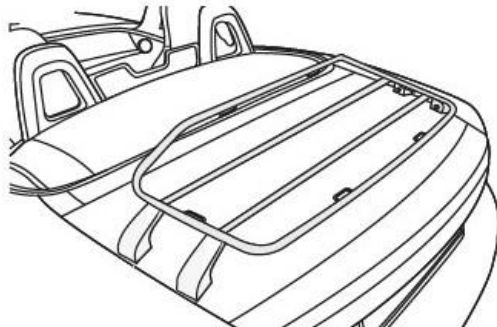

ATLAS Premium Luggage Racks

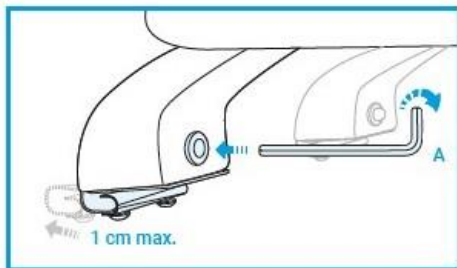

STEP 4

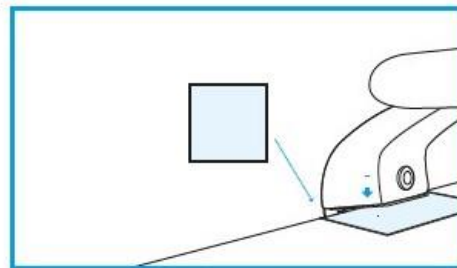

Tighten all bolts. ATTENTION! Do not overtighten the bolt this might damage your paint.

STEP 5

Open the top end stop before the top cover closes this way you can access the third brake light. Unscrew the third brake light.

ATLAS

Premium Luggage Racks

STEP 6

Detach the plug of the brakelight.

ATLAS

Premium Luggage Racks

STEP 7

Now install the supplied plugs to the cable and to the luggage rack.

What tools do you need: 1. Stripping pliers (Würth) 2. Connector pliers (Würth) 3. Screwdriver

STEP 8

Cut the cable and strips both ends.

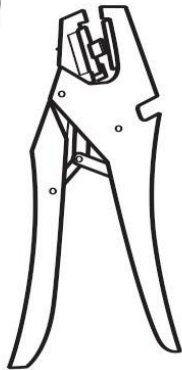

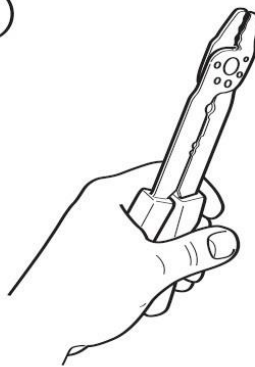

ATLAS Premium Luggage Racks

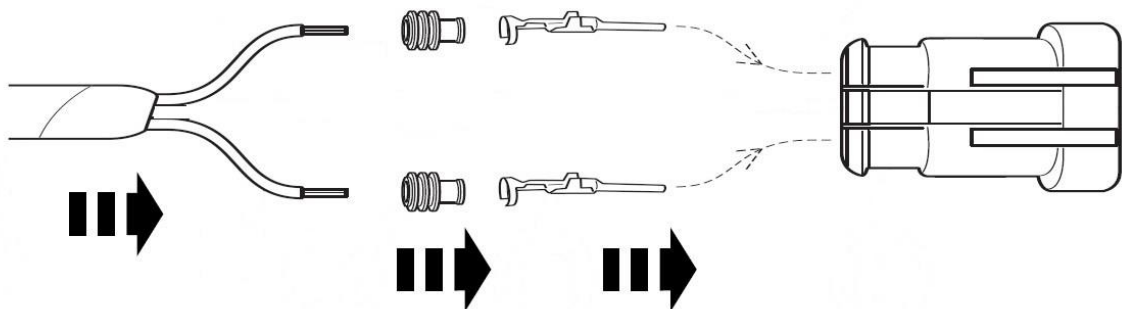

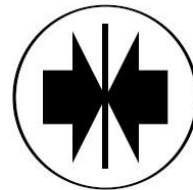

①

②

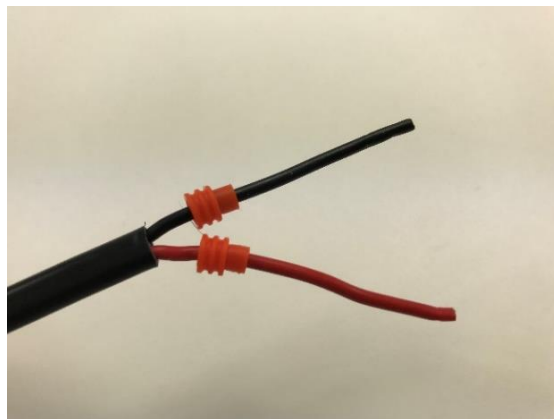

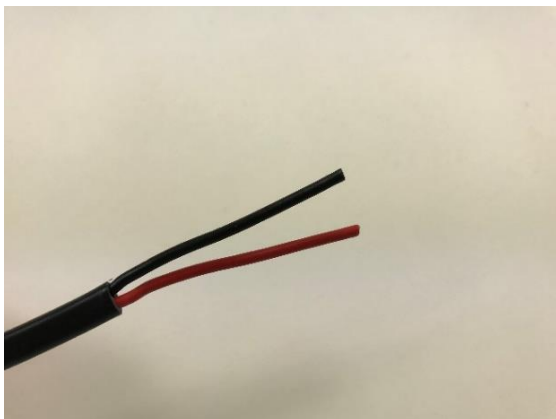

③

STEP 9

Slide the seals over the wires.

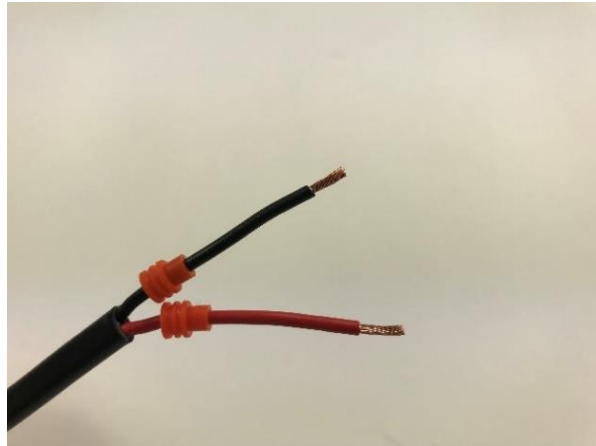

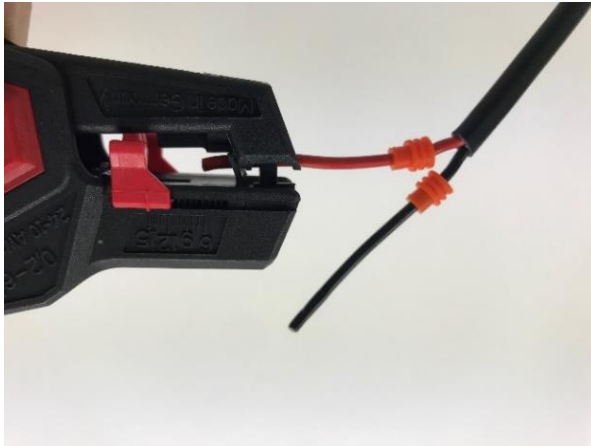

ATLAS Premium Luggage Racks

STEP 10

Strip the inner layer of the cable. You need to strip 5mm.

STEP 11

Place the male connector in the connector pliers and stick the cable through the connector.

ATLAS

Premium Luggage Racks

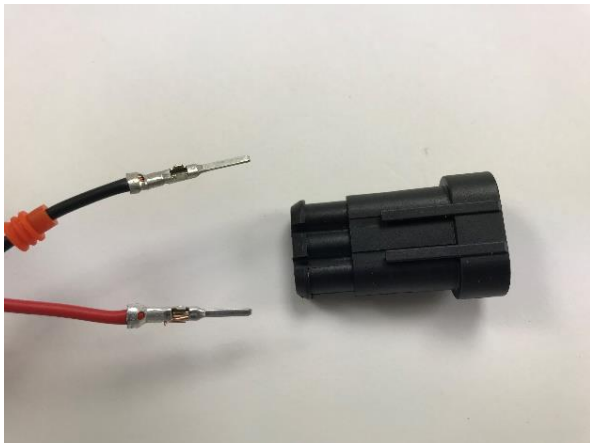

STEP 12

Press the connector to the cable using the pliers. Move the connector to the larger teeth of the pliers and press the connector again and the end. Now the cable is secured the connector.

STEP 13

Push the connector into the female plug until you hear a clicking sound and the connector is fixated. If it doesn't click turn it around 180 degrees because it's upside down.

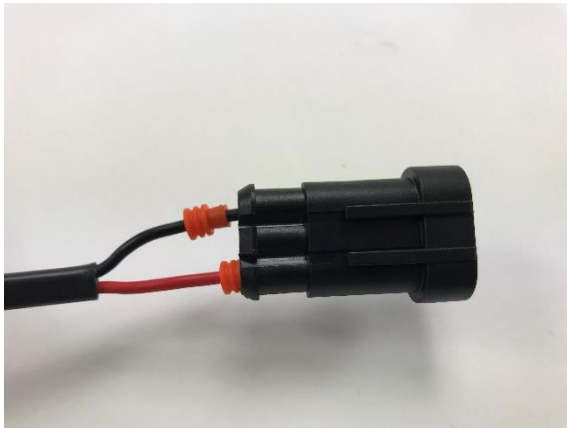

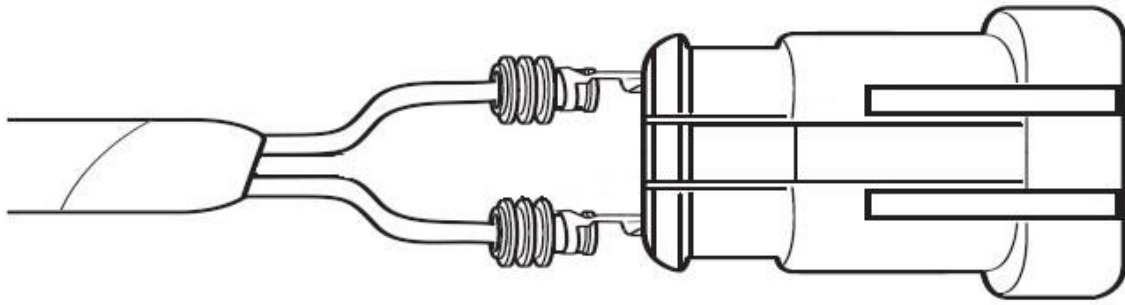

ATLAS Premium Luggage Racks

STEP 14

Push the rubber seals into the plugs. The female connector is now done.

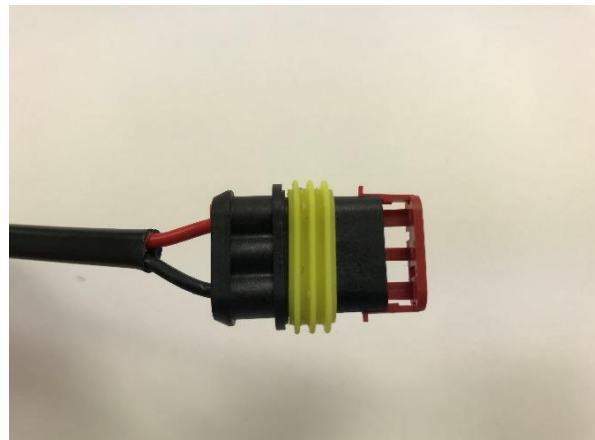

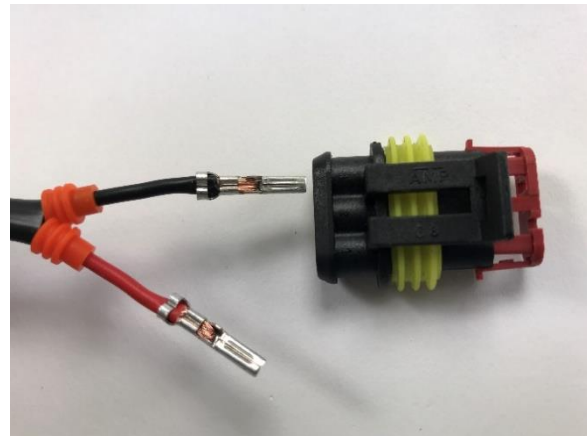

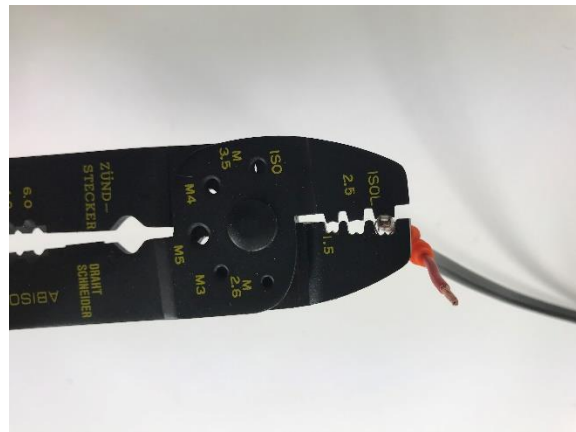

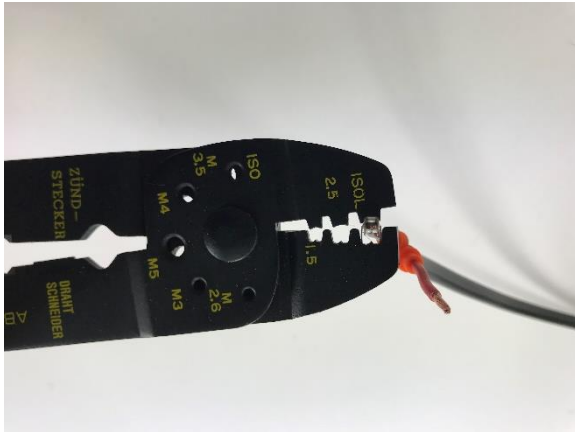

ATLAS Premium Luggage Racks

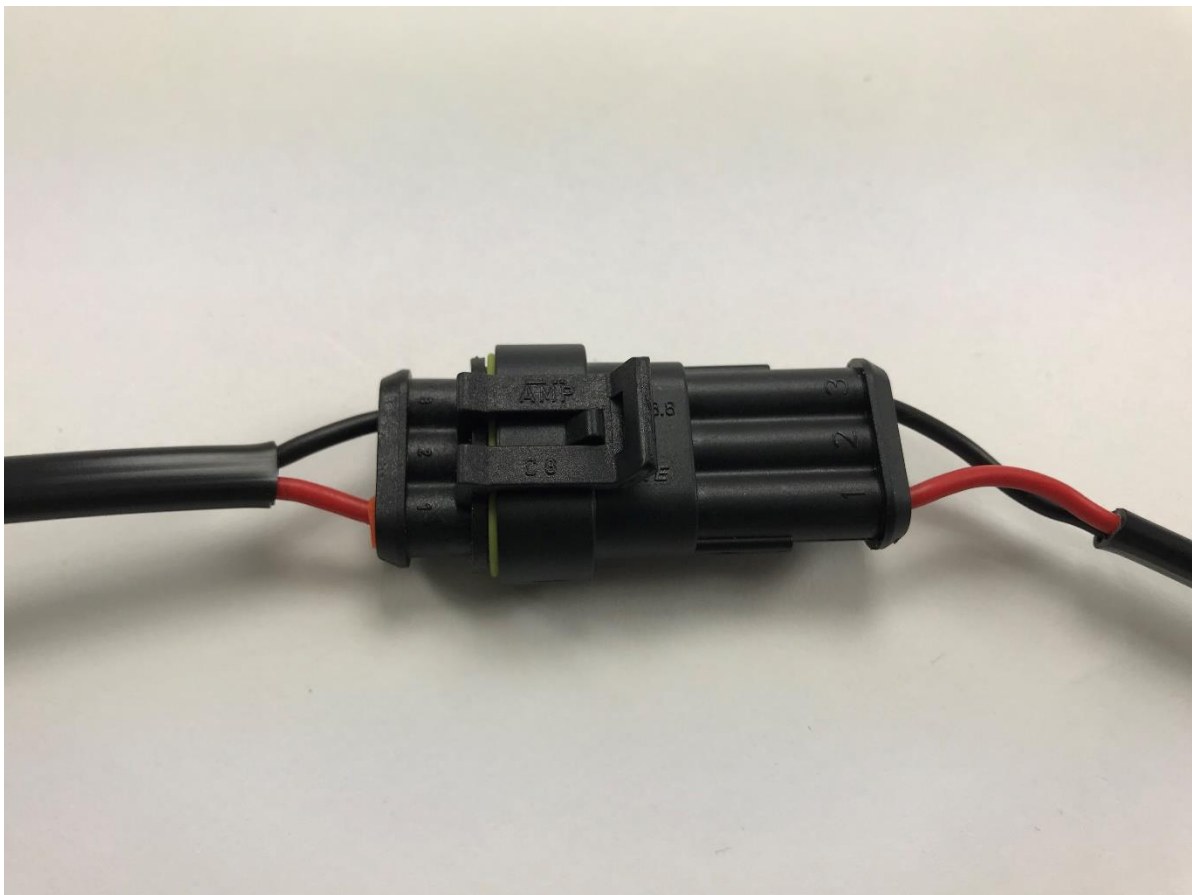

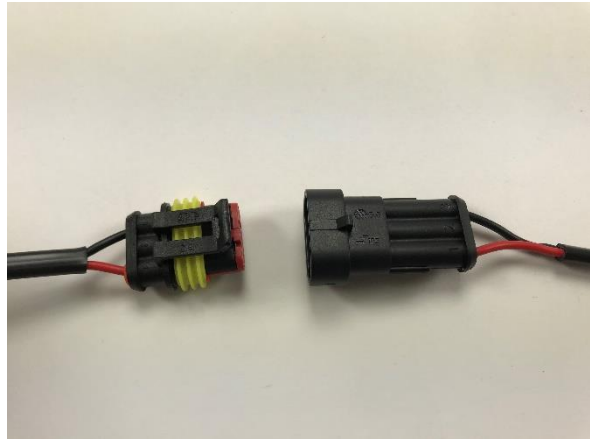

STEP 15

Attache the female connector the the male plug. Use the same steps as before.

Premium Luggage Racks

STEP 16

Connect the supplied connectors to both side of the cable that's in the car and connect it to the cable that is attached to the luggage rack. Now you can switch between the third brake light of you car and the third brake light that's on the rack. It's not allowed that both lights run at the same time. Use tyrops to secure all cables to the decklid.

TÜV SÜD Automotive GmbH
Gottlieb-Daimler-Straße 7
D-70794 Filderstadt

Automotive

Nr.: 001
Hersteller: Cabrio Supply
Typ: Gepäckträger

Seite 1 von 1

Gutachterliche Stellungnahme

Betreff: Gepäckträger auf Kofferraumdeckel (Cabrio)

Antragsteller: Cabrio Supply
Radeweg 25
NL – 8171MD Vaassen
Niederlande

Aufgabe:

Die Anbringung eines Gepäckträgers mittels Spannbändern und Haken auf dem Heckdeckel von Kraftfahrzeugen ist zu beurteilen.

Beispiel:

Beurteilung:

Diese Fahrzeugteile sind einem Dachgepäckträger gleichzusetzen.

Gemäß Beispielkatalog zum §19 StVZO erlischt die Betriebserlaubnis eines Fahrzeug nicht durch die Anbringung eines Dachträgers (siehe Punkt 6.12 des Beispielkatalogs) weil keine Genehmigung und / oder Teilegutachten erforderlich ist.

Dies gilt für Dachgepäckträger die die Vorschriften des § 30c StVZO erfüllen.
